MEDICARE HIGH RISK FACTORS

Medicare covers Pap smear/Pelvic Exam/Breast Exam

Once every 2 year unless any of the following apply:

- Z92.89 A woman of childbearing age AND cervical or vaginal cancer is present (or was present).
- Z92.89 Abnormalities were found within the last 3 years.
- Z.72.51, Z72.52, Z72.53 Early onset of sexual activity under 16 years of age.
- Z72.51, Z71.52, Z72.53 Multiple sexual partners (five or more sexual partners in a lifetime).
- Z91.89 History of sexually transmitted infections (including human papilloma virus and/or HIV infection).
- Z92.89 Fewer than 3 negative or no Pap smears within the last 7 years.
- Z77.29 DES (diethylstilbestrol) exposed daughters of women who took DES during pregnancy.

IF NONE OF THE ABOVE APPLY – I understand Medicare will pay for a Pap smear and Breast exam every other year. I may choose to come every year, but will be financially responsible to pay for any services related to this visit, including any Lab fees.
